Explorer Day

My favourite part about Explorer Day was trying all of the dried foods. They tasted really nice. It was fun pretending to be an explorer! **Saxon**

I liked doing all of it but my favourite thing was the movie because I enjoy watching action movies. They went on an adventure. I liked ‘Journey to the Centre of the Earth’.  

**Charlie**

On Explorer Day we all dressed up as explorers. We didn't have to dress up as a certain type of explorer, we could just be an explorer. We talked about all of the things we would need to take when we are an explorer. **Hannah**

We watched a movie called *Journey to the Centre of the Earth* which we really liked. My favourite part was the Tyrannosaurus Rex part. I really liked the dress ups too. I was dressed as Bear Grills. **Fraser**

I really enjoyed the team games that we played because we had to act as a team. We had to hold each others hand and go through a hoop that went around the circle. It was 3B vs 3S. We were the quickest. **Natasha**

My favourite part was the food at the end. It was put in small bags which are easier to carry. We tried mashed potato which is the best potato I've tasted. Then we tried roast beef soup and then we had a very very nice apple pie. You had to put boiled water in the mix to cook it.  

**Timothy**
