Winter Sport

Pembroke School continues to be represented in a wide range of sports during the winter season. The statistics show that 85% of our Middle School Students and 75% of our Senior School Students elect to represent their School in Sport throughout the year, many of them choosing to do so in the winter months. This is a great indication of the sense of pride that our students have for their School and their love of playing an active part in the programs on offer at Pembroke. This season students have represented the School in 15 different sports.

Pembroke has traditionally been strong at Cross-country running and this year has been no different. We have fielded athletes in the Cross-country events held weekly at various courses around the city and also competed in the State Championships. Pembroke won a gold medal in the Open Girls team event and a silver medal in the 16-year-old Girls team event and Isabella Hood won an individual silver medal in the 14-year-old Girls race. Many of these students have also competed in various Orienteering events, with Pembroke being crowned the overall Champion School for Orienteering in August. More recently, Pembroke won the Primary Boys, Lower Secondary Boys and Senior Girls age categories at the Orienteering Relay Championships.
