Cricket Club

The Kings had a great year considering our position at the beginning of the season. The Club had several players retire in the previous season, so we have been working hard to bring in new recruits and players. As a result we have increased our membership quite substantially this year.

The A Grade team's goal at the beginning of the season was to avoid relegation to a lower division. After a strong start and sitting just out of the top four mid-way through the season, the As started to struggle. With a very close finish, our A Grade avoided relegation and maintained our position in the A1 Premier league. It was a great effort for the team, which had been made up of mostly B Grade players from the previous year. Congratulations to Dino Vrynios for making the ATCA Sports Centre Team of the Year.

The B Grade team made the finals but, unfortunately, were knocked out in the semi-finals by Prince Alfred Old Collegians by less than 20 runs. They finished in fourth place which was a fantastic effort. Congratulations to Jake Bushel, who won the ATCA bowling trophy in B3, with 42 wickets for the season.

The C grade just narrowly missed out on playing in the finals, finishing in sixth place on percentage. It shows the great strength of our Club throughout all the grades with team morale very high.

We look forward to the next season and welcome any new recruits.

Ashley Herbert
Vice President, POSCC
