Girton 40-year Reunion

It was a night to trip down memory lane and some went back as far as Reception! The detectives had been working for months searching for the lost boarders and people who had changed names multiple times. Our lives have all gone in different directions but the friendships were renewed at a glance. No one had really changed in 40 years, and the squeals of delight were deafening as this diverse group were reunited on 20 November 2010 at the Feathers Hotel. Three had come especially from Victoria, and there were messages and apologies from 20 other Girton Girls who live overseas or interstate and could not attend. Stories of wicked teenagers during school days contrasted with the exemplary role models of parents and professional women. It was a very special evening for all those present and the next reunion in 5 years’ time should be even bigger!
