Calculators at Pembroke in 2012

Dear Parents

You may have noticed that there are no calculators on the booklists for 2012. The reason for this is that we have sourced a supply from a South Australian company, Carron Calculators. The price is $195 for the Graphic Calculator that is needed in Years 8 to 12.

The Graphic Calculator is the Casio CFX-9860GAU PLUS.

This model is approved for use in Year 12 IB examinations and for Year 12 SACE exams. It will be the required model for all Year 8 students in 2012. It should also be purchased by any other student who needs to replace a broken or lost calculator and by students who are new to the School in 2012.

Order forms are attached to this letter. Payment is made directly to Carron Calculators via the order forms. Please DO NOT return any forms or payment to the school.

Can we strongly recommend that the engraving offer on the order form be accepted.

Carron Calculators will distribute the calculators to the students at the school on Feb 2nd next year.
