Hearing Unit

On Sunday 20 March the families and staff of the Hearing Unit enjoyed a convivial, if rather wet, picnic in the park. It was great to see the parents and children still keen to have fun and enjoy each other’s company despite the persistent rain. This picnic is a wonderful opportunity for the families to catch up with each other and discuss common concerns, celebrate successes and provide support to each other.

Congratulations are offered to Laura Rossi (1997–2010), who was presented with the Sir Charles Bright Scholarship by the Hon. Jack Snelling MP on 25 February. This scholarship provides for students with disabilities entering tertiary studies. Laura has been very appreciative of this scholarship and has been heard on several radio stations talking about the Sir Charles Bright Trust and the scholarship program.
